DETAILED ACTION

Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-11, drawn to peptide fragment or a series of peptide fragments, a medicament comprising as its active ingredient the peptide fragments or a series of peptide fragments, an additive comprising as its active ingredient the peptide fragment or a series of peptide fragments, and a method of screening for cell death-inhibitory activity.

Group II, claim(s) 12-15, drawn to an antibody to a peptide fragment.

2. The inventions listed as Groups I and II do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: The invention of group II lacks a unifying special technical feature with that of group I because the invention of group II is drawn to an antibody, while the invention of group I is drawn to peptides, medicaments, additives, and a method of screening which all involve the peptide or a series of peptides which have cell inhibitor activity. The invention of group II is drawn to an antibody that binds to the peptide of group I.

3. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim

remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
